

Architect / Project Manager

Blaise Cacciola Architect (BCA) is seeking an enthusiastic **Architect/Project Manager** to join our established firm in Bend, Oregon.

BCA is a team-oriented, studio environment, passionate about creating meaningful work. We offer competitive wages and retirement plan benefits, along with a flexible work schedule to allow employees the chance to enjoy all that Central Oregon has to offer.

This full-time **Architect/Project Manager** position supports BCA with current projects in the commercial, industrial, manufacturing and healthcare industries while collaborating closely with our consulting designers and project stakeholders. The right candidate will have excellent communication skills, a strong sense of design, and a technical background that includes a keen interest in all architectural phases of service. The position offers an immediate opportunity to drive new projects from inception to completion.

Qualifications:

- Bachelor's or Master's degree in Architecture or related field
- Professional License
- 10-15 years minimum experience with a balance of design, construction document preparation and design team project management
- SketchUp and AutoCAD proficiency
- Revit skills and experience preferred
- Outstanding communication skills and an interest in working on all phases of architectural work

Please submit a cover letter, resume and work samples in PDF format (10MB max) to: admin@bca-architect.com.
